Learn the differences between Disinformation, Misinformation and Mal-Information.

☐ 01

When reading the news, think about the motive why the content is created and shared.

☐ 02

Look up for clickbait titles. When found - think about changing the title to make it less click-baity.

☐ 03

Search for some fact-checking tools and save the webpage in your browser bookmarks.

☐ 03

Choose a topic and search for information about it using one social media channel. Ask your friends to check information on the same topic and compare your results!

☐ 04

Raise awareness about disinformation on your social media channels.

☐ 05

Start following a counter disinformation influencer that tries to tackle fake news and disinformation.

☐ 06

Google the piece of news you are not so sure about, see if there is any reference to fake news.

☐ 07

Share the knowledge you have to enlighten your family, friends and colleagues.

☐ 09

Go through the fact-checking tool first before sharing the news with your friends and family.
